Description of the
Event or Race:

Prayer Support

We highly recommend bringing people into your corner through prayer support. Prayer isn't secondary, it is the work that brings us closer to our goal of making God's Word available in the heart language of the many bibleless people groups in southern Africa.

- I will have people praying for me.
- I will have people praying for Bible Translation.
- Please could Wycliffe South Africa pray for me.

Financial Support

We would greatly appreciate any financial support you can provide through sponsorship. We view our financial partners as part of the wider team put together by Him to complete His Mission.

- I will be raising funds.
- I would like some support and advice from WSA.
- I am happy for any funds raised to go where they are most needed.

See our current translation work on our website - wycliffe.org.za/what-we-do/ongoing-translations

Advertising

We have a wide network through our social media platforms, network of churches and other mediums, where we can share information about what you are doing.

- I would like WSA to tell people about what I'm doing.
- I would like WSA to invite people to follow, take part or attend the event.
- I would like WSA to ask people to pray for the event and for Bible Translation.
- I would like WSA to ask people to donate.

Visit your Church or Small Group

Members of our team would love to visit you, both before and after the event. There are many ways to get involved with the work of Bible Translation and to partner with language groups that we would love to share with you. There are also amazing testimonies of what God is doing through Bible Translation, and things He wants to do in you and your community.

- I would like to invite WSA to share about Bible Translation in southern Africa.
- I would like to know more about opportunities to get involved in Bible Translation.
- I would like WSA to hold a workshop at my church – Scripture Engagement, Mission, Language Groups, Bible Storytelling, and more.
